For the attention of the Inspector,

Please find attached a signed copy of an Addendum to the Statement of Common Ground – Breckland District Council and Snetterton park Limited.

The addendum proposes a minor change to the wording of Criterion 3 of Policy EC 02. This is simply to ensure that there is clarity for decision takers and members of the public in identifying the area concerned.

The Council request that the redacted version be added to the examination library.

Kind regards,

James
