Dear Mr Hawker

With reference to your email received this morning, I can confirm this has been passed to the Inspector and the Council.

The Council's response to the Inspector is below: -

The Council sets out its methodology for the 10% calculation in the Housing Topic Paper (EX.79) and in response to the Inspectors additional questions (CSA.1). The Council heard Mr Hawkers concerns at the hearings yesterday and provided a detailed explanation of the methodology to him over the break. The Council has no further comments to make on this matter and trust that the Inspector will consider the concerns raised by Mr Hawker in his deliberation of this issue.

The Inspector has confirmed he has sufficient evidence to come to his conclusions on this matter and these will be set out in his final report.

Please be aware the Inspector will not accept anything further on this issue.

Regards

*Charlotte Brennan*
