TRE/2018/0199/TCA	BANHAM 51 Crown Street Banham	T1 - Yew tree situated in front of garden to have lower long "leggy" branches reduced by approximately 2/3m to suitable replacement growth. T2 Holly tree to be pruned into pyramid shape as previously done before.	CA No Objection	25-09-18

T3 Sycamore situated around rear of house to have lower epicormic growth removed and major branches overhanging house to be reduced to suitable replacement growth.
 T4 Pear tree to have 2 small long branches removed to make canopy uniformed. All ivy on stem to be stripped.

TRE/2018/0200/TCA	BAWDESWELL 5 Meadow Loke, Bramley House The Street Bawdeswell	Eucalyptus tree planted 15 years ago is now at a height of 40ft. The reasons for removal are as follows: It is seriously damaged in one major branch It is encroaching on overhead power cables that run through our garden It is overwhelming the native beech trees which we planted since owning the property and an ancient oak tree Hence the tree no longer fits well with the native trees in the garden The root system is at risk of damaging a paved native box knot garden which is in the locality. We propose total removal so that it does not regenerate out of control.	CA No Objection 25-09-18
