Subject: Formal request from Inspector

Dear Jemma

On 20 September 2018 the household projections, 2016 were published. The Planning Practice Guidance states '*Wherever possible, local needs assessments should be informed by the latest available information. The National Planning Policy Framework is clear that Local Plans should be kept up-to-date. A meaningful change in the housing situation should be considered in this context, but this does not automatically mean that housing assessments are rendered outdated every time new projections are issued*'.

On this basis, please could I ask for the Council's view on the implications that the new household projections may have and how the Council would propose to deal with the matter as part of this examination.

Kind Regards

Charlotte Brennan
