Version	0.6

To which proposed Main Modification does your representation relate? Please state the relevant reference number that you are commenting on from the Schedule of Proposed Main Modifications e.g. MM1

I raise a most pertinent point relating to a massive mistake in the information regarding Garboldisham Pg 119 3.238. Properties do not feed into the WWTW in Elm Grove. These works are specifically for the 30 odd properties of Elm Grove. No other properties feed into them. The majority of properties in the village have septic tanks. Excepting Chapel Close which has its own system and Thomas Bole Close which also does. These properties were Originally all built and owned by Flagship. It is vital that a correction is made to this wrong written information

**Do you consider the proposed modification is:
(please mark the appropriate box)**

If you consider the proposed Main Modification to be UNSOUND, please identify which test of soundness your representation relates to?

Please set out what changes you consider necessary to make the proposed main modifications to the Local Plan legally compliant or sound.

The references in the representation refer to the track changed examination version of the document.

Raises concern over the reference to waste water treatment works.

How would you like to be notified?
