We welcome the addition of policy criterion 6 in relation to the historic environment to ensure that due regard is given to the impact of the proposal on the historic environment. However, in our hearing statement we highlighted the need for all Dereham site allocations to refer to the need to undertake a desk based archaeological assessment and field evaluation if necessary. This does not appear to have been included in the revised policy wording.

Please set out what changes you consider necessary to make the proposed main modifications to the Local Plan legally compliant or sound.
