

Smoke-Free Signage – Complying with the Law

From **1 July 2007** all smoke-free premises and vehicles are required to display no-smoking signs that meet the requirements of the law.

Signs will make it clear which premises and vehicles are smoke-free and demonstrate that you are taking the necessary steps to meet the requirements of the law.

Premises

No-smoking signs need to be displayed in a prominent position at every entrance to smoke-free premises. These must meet the following minimum requirements:

- Be a minimum of A5 in area (210mm x 148mm).
- Display the international no-smoking symbol (a graphic representation of a single burning cigarette enclosed in a red circle of at least 70mm in diameter with a red bar across it).
- Carry the following words in characters that can be easily read:

“No Smoking. It is against the law to smoke in these premises”

You are free to change the words “these premises” to refer to the name or type of premises e.g. “this pub” or “this hotel” etc.

A smaller sign consisting of the international no-smoking symbol at least 70mm in diameter may instead be displayed at entrances to smoke-free premises that are:

- Only used by members of staff, providing the premises displays at least one A5 area sign, or
- Located within larger smoke-free premises (for example, a shop within an indoor shopping centre).

Vehicles

Smoke-free vehicles need to display a no-smoking sign in each compartment of the vehicle in which people can be carried. This must show the international no-smoking symbol at least 70mm in diameter.

Signs can be downloaded and printed from the website www.gosmokefree.co.uk

Alternatively, you are welcome to design and print your own no-smoking signs as long as they meet the minimum requirements.
