

Breckland Local Plan

Part 2 - Emerging Site Options

Interim Sustainability Appraisal

December 2015

(Regulation 18 consultation)

16.12.15 Final

Introduction

Breckland Council is in the process of preparing a Local Plan, which when adopted will guide future development across the District over the plan period to 2036. When adopted the Local Plan will:

- Set the settlement hierarchy for the District
- Allocate Housing, Employment, Retail and Open Space
- Provide area strategies for the District
- Set the approach to the Environment, Economy, Infrastructure and the Community
- Provide detailed Development Management Policies

This report forms the Sustainability Appraisal of the emerging site options of the Breckland Local Plan. The sustainability appraisal process is governed by European and National legislation, supported by Government policy including:

- The Planning and Compulsory Purchase Act (2004) which requires sustainability appraisal of emerging plans.
- The requirements of European Directive 2001/42/EC. This is often referred to as the Strategic Environmental Assessment (SEA) Directive which requires the preparation of an environmental report that considers the significant environmental effects of a plan or programme. This Directive is transposed into UK law by The Environmental Assessment of Plans and Programmes Regulations 2004: Statutory Instrument 2004 No.1633 (SEA Regulations).

How to Respond

Comments on the Sustainability Appraisal for the Breckland Local Plan Preferred Directions document are invited between **11th January and 4pm on 22nd February 2016**.

If you would like to send us your views on the Preferred Directions sustainability appraisal, you can do so using one of the following methods:

- Online on the Breckland Council Local Plan website: <http://consult.breckland.gov.uk/portal>
- Email to: planningpolicyteam@breckland.gov.uk
- By post to: Planning Policy Team, Breckland Council, Elizabeth House, Walpole Loke, Dereham, Norfolk, NR19 1EE

Hard copies of the consultation documents are available for viewing at the Breckland Council offices in Dereham and Thetford, local libraries and presence offices.

If you have any questions regarding any of the issues raised in this document, please contact the Planning Policy Team on 01362 656 873.

Please note that comments received on this document cannot be treated as confidential as all comments must be publicly available in accordance with government regulations.

Minimise the irreversible loss of undeveloped land and productive agricultural holdings and encourage recycling/reuse of on site resources to minimise the impacts on the environment and safeguard resources for the future generations.					2. Limit water consumption to the capacity of natural processes and storage systems and maintain and enhance water quality.				3. Ensure the sustainable reuse of water to accommodate additional growth and development with minimal impacts on water quality.				4. Minimise the production of waste and support the recycling of waste.							5. Reduce contributions to climate change					6. To avoid, reduce and manage flood risk.				7. Protect, conserve, enhance and expand biodiversity and promote and conserve geodiversity.			8. Protect, enhance and increase Green infrastructure in the district.			9. Maintain, enhance and preserve the distinctiveness and diversity of landscape and townscape character.			10. Conserve and where appropriate enhance the historic environment.

LP[065]008	o	+	+	+	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	o	Land, water and soil resources: The site is located on greenfield agricultural land, which is grade 3. Climate change and air pollution: Issues surrounding waste and recycling are dependent upon type and design of development, not location. Population and human health: The site is not within an AQMA and is situated within close proximity to key facilities that would improve the health and wellbeing of the population; Issues regarding the reduction and prevention of crime would be dependent upon type and design of development. Cultural heritage and landscape: Site is located off Chalk Lane, which is one of the approach routes into Narborough. It directly adjoins a site with planning permission, so impact upon landscape is likely to be limited. Inclusive Communities: The site directly adjoins the settlement boundary and is located adjacent to the community centre. Economic activity: Within close proximity to the settlement boundary; Access to the road network
LP[065]009	o	+	+	+	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	o	Land, water and soil resources: Greenfield site situated on grade 3 agricultural land. Climate change and air pollution: Issues surrounding waste and recycling are dependent upon type and design of development, not location. Population and human health: The site is not within an AQMA and is situated within close proximity to key facilities that would improve the health and wellbeing of the population; Issues regarding the reduction and prevention of crime would be dependent upon type and design of development. Cultural heritage and landscape: Site forms part of a wider agricultural field, the southern and eastern edges of which have no screening. Development of the site may impact upon the landscape, however this could be mitigated against with screening. Inclusive Communities: Within close proximity to the settlement boundary, suite would be expected to provide affordable housing. Economic activity: Within close proximity to the settlement boundary; Access to the road network through Chalk Lane
LP[065]010	o	+	+	+	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	o	Land, water and soil resources: The site is on greenfield agricultural land, which is grade 3. Climate change and air pollution: The southern section of the site is included within flood zone 3a. Population and human health: The site is not within an AQMA and is situated within close proximity to key facilities that would improve the health and wellbeing of the population; Issues regarding the reduction and prevention of crime would be dependent upon type and design of development. Cultural heritage and landscape: This site forms part of a wider agricultural field and there is no screening on the north western boundary. There would be a landscape impact on the site, however this could be mitigated against by requiring appropriate screening with the development. Inclusive Communities: Within close proximity to the settlement boundary, would be expected to provide affordable housing Economic activity: There is no direct highways access to the site, and it would need to be accessed either through the demolition of a property on Old Vicarage Park or in conjunction with another site.
LP[067]001	o	+	+	-	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	-	Land, water and soil resources: The site is occupied by Rose Farm house and barns. It is classified as grade 3 agricultural land. Climate change and air pollution: Issues surrounding waste and recycling are dependent upon type and design of development, not location. Population and human health: The site is distant from Necton village and is located within the hamlet of Ivy Todd, as such it is distant from the services and facilities within the village. Inclusive Communities: Distant from the settlement boundary and the services and facilities within necton.
LP[067]002	o	+	+	+	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	o	Land, water and soil resources: The site is greenfield grade 3 agricultural land. Climate change and air pollution: Development of the site would have an impact upon the aquifer. Population and human health: The site is not within an AQMA and is situated within close proximity to key facilities that would improve the health and wellbeing of the population; Issues regarding the reduction and prevention of crime would be dependent upon type and design of development. Cultural heritage and landscape: Site is located to the east of the edge of Nectons settlement boundary Inclusive Communities: It is well related to the settlement boundary and as such has reasonable access to services and facilities within the village. The existing planning permission is for 4 dwelling, which is below the affordable housing threshold. Economic activity: Access to the road network is via Town Green.
LP[067]003	o	+	+	+	o	o	o	+	o	+	+	+	+	o	+	o	+	+	o	+	o	+	o	o	o	o	o	o	+	+	o	o	o	+	+	+	Land, water and soil resources: The site is a greenfield site on grade 3 agricultural land Climate change and air pollution: Development of the site has the potential to impact upon the aquifer Cultural heritage and landscape: There are a number of TPO's on the site which may be impacted upon by the development. Consideration of these should be given through the design of the scheme and as such, it may be possible to mitigate against this. Inclusive Communities: The site directly adjoins Necton's settlement boundary, however the appraisal concludes that it is distant from some of the key services and facilities. Due to the size of the site, it would be expected to provide onsite affordable housing. Economic activity: Within close proximity to the settlement boundary; Access to the road network
