Dear Mr Needham

Examination of the Breckland District Local Plan (2011 – 2036) (the Local Plan)

With reference to your original request to the Inspector received on 8th February 2018.

I confirm the Inspector has given your request some further thought and considers that you could provide a written statement and appear at the hearings in relation to your transport concerns under Matter 14.15. Although this refers to each allocation individually, the Inspector is more than happy to receive material about allocations within a settlement collectively if there are such concerns.

This would avoid the need to have to reissue a new list of MIQs.

Please could you confirm if you are happy with this arrangement and I will then advise the Council that you will be raising transport related concerns about Dereham and providing evidence. I will also pass onto them your original request to the Inspector on this matter.

Please note I shall shortly be adding your original request and attachment to the examination library.

I look forward to hearing from you.

Yours sincerely

Charlotte Brennan
